'A' ITEM NOTE

From: Permanent Representatives Committee (Part 2)
To: Council

Subject: Draft Council Conclusions on enhancing return and readmission of illegally staying third country nationals
- Adoption

At its meeting on 31 May 2017, Coreper reached an agreement on the above draft Council Conclusions.

The Council is therefore invited to adopt the draft Council Conclusions set out in the Annex.

**Draft Council Conclusions on enhancing return and readmission
of illegally staying third country nationals**

The Council:

1. Recalls the European Council Conclusions of June, October and December 2016, as well as the Conclusions of the President of the European Council of March 2017;
2. Recalls the Council Conclusions on the future of the return policy, of October 2015, and the Council Conclusions on return and readmission of illegally staying third country nationals of June 2016;
3. Recognises the importance of linking the negotiations of readmission and visa facilitation agreements, which has been implemented as an important tool, in particular in the framework of the Mobility Partnerships;
4. Considers that it remains necessary to improve the rate of return of illegally staying third country nationals as a matter of urgency;
5. Agrees that comprehensive, incremental, pragmatic and tailor-made solutions are required in order to improve cooperation with third countries in the field of return and readmission, in line with the Partnership Framework approach;
6. Recalls the views expressed at the JHA Council of March 2017, and agrees on the need to consider the use of the necessary leverage by using all EU policy instruments and tools, including visa policy;
7. Considers that stronger coordination should be established between the two areas of return and visa policy to improve cooperation of third countries on return and readmission. Concerted action by the Member States within the applicable legal framework should continue to provide the possibility for achieving results;
8. Underlines the importance of a legal link between readmission and visa in the Visa Code;
9. Calls on the relevant Council preparatory bodies to take forward work in this regard with a view to the practical application of this concerted action, taking into account the views of the most interested Member States regarding the third country/ies in question.
